

GARDEN SCHOOL

Jackson Heights, New York

Christopher Herman, *Head of School*

COVID Quick Screen App

Garden School is pleased to announce we will be implementing the use of a new tool this fall to help ease congestion at entryways while also ensuring all students have been pre-screened for COVID symptoms prior to boarding buses or coming to campus.

Entering school each day is a four-step process:

- Step 1: Temperature check at HOME
- Step 2: Complete the COVID Quick Screen pre-screening tool at HOME
- Step 3: Show approved status at entrance to BUS/SCHOOL
- Step 4: Have temperature checked again by staff member at entrance to BUS/SCHOOL

This app will enable each child to be pre-screened in a manner that is easily managed by the school. Upon arriving at the bus door or gate of the school, students or their parents/guardians will be required to flash a screen on a device that shows they have completed and passed the daily pre-screening. Those with a passing status will move to the next phase of entry where temperature will be checked again.

Completing the daily screening takes less than two minutes including an at-home temperature check. This tool will enable us to quickly pass children through step three of entry, take temperatures once more at the door, and get them to class as quickly as possible.

It will be a priority for us to move students through the entryways as quickly as we can while ensuring everyone has completed their pre-screening at home. Therefore, no student may enter a school bus or campus without a completed pre-screening using this app. Those without a passing grade to show will be held at arrival to be screened once all other students have entered campus.

How do you sign up?

- Go here: <https://app.covidquickscreen.com/user/signup>
- Fill in the table including Signup code: **E9FH63**

Other important information

- There is only one log in per child/family permitted, so create a password everyone in the family will be able to remember. Share the log in and password info with anyone who may be called upon to pre-screen your student.
 - Families with multiple children will have one log in and you will add all of your children to your dashboard.
- Once you register, your child will appear on our main school database, so you do not need to inform us that you are registered.
- All information in the App is HIPAA and FERPA compliant.
- Tech support is available for those who experience difficulty by the app company.
